Corporate Plan process & timetable

Welsh Government and Natural Resources Wales

Long-term Shared Outcomes

1 - Enhancing our environment

We want Wales to have a high quality environment with clean air, water, land and sea. We will work to ensure that our natural resources are healthy and resilient and are efficiently managed for Wales' long-term economic, social and environmental benefit.

2 - Protecting people

We want the people of Wales to be safe and secure. We will work to ensure that everyone is protected as far as possible against the risks posed by incidents which occur in the environment, including those caused by human activity and natural hazards such as pollution, flooding and the effects of extreme weather.

3 - Supporting enterprise and jobs

We want jobs in Wales to support the wellbeing of individuals and our communities. We will work to ensure that Wales has a prosperous, low-carbon, low-waste economy focusing on long-term economic growth. We will focus on ensuring that Wales' natural resources support the creation of enduring and high quality business opportunities and jobs.

4 - Improving the nation's health

We want the people of Wales to be healthy. We will work to ensure that there is better health for all with reduced health inequalities. We will focus on ensuring that everyone has the opportunity to access Wales' high quality environment, and that people gain maximum benefit from doing so.

5 - Viable and vibrant places

We want people and communities to benefit from access to high quality employment, affordable housing and public services, with communities supported by effective infrastructure including communications, transport and utilities. We will work to ensure that our landscape, seascape, natural resources and heritage support the development of Wales and we will work to ensure that Wales has a thriving, distinctive character built on our unique culture and heritage.

6 - Delivering social justice

We want to increase opportunities for everyone to achieve a better quality of life and we want to reduce poverty, and we will work to ensure that people benefit from mutual support and a sense of community, with the lives of individuals enriched through Wales' economy, culture, heritage and environment.

7 - Supporting skills and knowledge

We want everyone to have the knowledge and ability to make the best choices for future wellbeing and we will work to ensure that everyone is supported to reach their potential and to maximise both their own and Wales' future wellbeing, through high quality and effective people-centred services. We want the people of Wales to be able to take positive action to maintain, enhance and benefit from their environment, and we want to ensure that Wales benefits from high quality knowledge and evidence in relation to economic, environmental and social issues.
